LEARNING TOGETHER RESPECTING EACH OTHER SUCCESS FOR ALL

This Week:

During our week at Bushey Meads, the children have taken part in lots of fun and exciting lessons.

- In particular, the children have enjoyed their food technology lessons where they made their own chicken chow mein which looked and tasted delicious! In art, the children created their own tiles out of clay in which they could write their initials. In science, they used Bunsen burners in their experiments and have made really good use of all of the facilities that are on offer at Bushey Meads.

It has been wonderful to hear how excited the children have been during this week and it has had a real positive impact on the transition period. We can't wait to hear all about it next week!

Reminders:

If you have not done so already, we would really appreciate any support for the prom as mentioned in our letter last week. If you could help with time, money or resources please let one of the Year 6 team know in writing as soon as possible.

Next Friday, 6th July, is mad hair day. For this, we ask you to provide a donation for us to use on our bottles stall at the summer faire.

Next Week:

We will continue to practise our school production. Please help to support your child in learning their lines at home to help develop their confidence - we only have three weeks left!

On Thursday, we will be taking part in a safer internet session where we will be lucky enough to have a visit from someone who will come and explain and remind us about how to stay safe online. This coincides with our current ICT learning which has produced brilliant discussion around how to keep safe online.

We will be continuing to sell ice creams as part of our 'make £5 grow' enterprise. We would like to say a big thank you to those children who have been staying after school to help with this. Please continue to buy lots of ice creams so we can raise as much money as possible!

Thank you!

We would like to say a massive thank you to all of the staff at Bushey Meads who have planned and delivered such fun lessons and given the children a taster of what secondary school is like.

Also, thank you to Mrs Woodroffe and Miss Foster who have taken the children, made sure they have fun and continue to go above and beyond for the classes. Thank you!
