Indicators of Abuse and neglect	

Rationale

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best life chances.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with each schools Safer Recruitment Policy, Behaviour Policy, Physical Intervention guidelines, Anti-Bullying Policy and the e-Safety Policy.

Aims

The aim of this policy is to provide a model set of guidelines to ensure that:

- staff, parents, volunteers and governors are informed about the school's responsibilities for safeguarding children
- everyone is able to have a clear understanding of how these responsibilities should be carried out
- all staff in the Trust have a responsibility to provide a safe environment in which children can learn

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training (which is updated every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Senior Person (DSP) - including Child Protection Policy and staff behaviour policy (code of conduct)

In addition the schools within the Trust will:

- establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they have a worry or concern
- establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a child
- ensure children know that there are adults in the school whom they can approach if they are worried
- ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected
- consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum
- staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child

The policy will be reviewed annually by the governing body. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.

Statutory Framework

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Education Act 2002 (Section 175/157) *Outlines that Local Authorities and School Governing Bodies have a responsibility to "ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils"*
- Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures (Electronic)
- Keeping Children Safe in Education (DfE, September 2016)
- Keeping Children Safe in Education: Part One- information for all school and college staff (DfE, September 2016) – APPENDIX 1
- Working Together to Safeguard Children (DfE 2015)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74 ,Serious Crime Act 2015)

Working Together to Safeguard Children (DfE 2015) requires each school to follow the procedures for protecting children from abuse which are established by the Hertfordshire Safeguarding Children Board.

Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

- (a) a child may have been abused or neglected or is at risk of abuse or neglect
- (b) a member of staff has behaved in a way that has, or may have harmed a child or that indicates they would pose a risk of harm.

Practice

Staff Responsibilities

The Designated Senior Person (referred to in 'Keeping Children Safe in Education (DFE, 2015) as Designated Safeguarding Lead')

Governing bodies and proprietors should ensure that the school or college designates an appropriate senior member of staff to take lead responsibility for child protection. This person should have the status and authority within the school to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

During term time the designated safeguarding lead and or a deputy will always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns. Arrangements for out of hours/out of term activities will be made clear to staff by each school within the Trust.

The Designated Senior Person for Child Protection in Bushey Meads School is:

NAME: Sara Ash

The Designated Senior Person for Child Protection in Little Reddings School is:

NAME: Carly Simmonds

1 or more Deputy DSP should be appointed to act in the absence/unavailability of the DSP.

The Deputy Designated Senior Persons for Child Protection in Bushey Meads School are:

NAME: Diana McIldowie, Preya Dhanecha, Kashan Malik and Matt O'Kelly

The Deputy Designated Senior Person for Child Protection in Little Reddings School is:

NAME: Dave Presky

The broad areas of responsibility for the designated safeguarding lead are:

1. Managing referrals

The DSP will:

- refer all cases of suspected abuse or neglect to the Local Authority Children's Services (Safeguarding and Specialist Services), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern
- liaise with the Headteacher or Executive Principal to inform him/her of issues - especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
- act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies
- support staff who make referrals
- share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility
- ensure they have details of the CLA's social worker and the name of the virtual school Headteacher in the authority that looks after the child

2. Training

The Designated Senior Person should undergo formal training every two years. The DSP should also undertake Prevent awareness training. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments) at least annually to:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- ensure each member of staff has access to and understands the school's or college's safeguarding and child protection policy and procedures, especially new and part time staff
- be alert to the specific needs of children in need, those with special educational needs and young carers

- understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- be able to keep detailed, accurate, secure written records of concerns and referrals
- obtain access to resources and attend any relevant or refresher training courses
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them

3. Raising Awareness

The DSP should ensure the school or college's policies are known, understood, used appropriately and should also:

- ensure the school or college's safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this
- ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this.
- link with the Local Safeguarding Children's Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding
- ensure the file for safeguarding and any child protection information is sent to any new school/college as soon as possible but transferred separately from the main pupil file
- obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information.)

4. The Governing Body

Governing bodies must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are effective and comply with the law at all times.

The nominated governor for child protection in Bushey Meads School is:

NAME: Sarah Purser

The nominated governor for child protection in Little Reddings School is:

NAME: Sam Russell

In particular the responsibilities placed on the Governing Body include:

- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2016) – Appendix 1 and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding
- appointing an appropriate senior member of staff to act as the Lead Designated Senior Person. It is a matter for individual schools and colleges as to whether they choose to have one or more Deputy Designated Senior Person

- ensuring that all of the Designated Senior Persons (including deputies) should undergo formal child protection training every two years (in line with LCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- **ensuring** that children are taught about safeguarding in an age appropriate way
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies and proprietors is provided in Annex C of **Keeping Children Safe in Education (DFE 2016)**- available at http://www.thegrid.org.uk/info/welfare/child_protection/policy/national.shtml
- having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements

5. When to be concerned

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, all professionals should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools within the Trust and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

6. Children who may require early help

Families First is Hertfordshire's programme of early help services for families. A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst and will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services (Safeguarding and Specialist Services) if the child's situation doesn't appear to be improving.

Staff and volunteers working within the Trust should be alert to the potential need for early help for children also who are more vulnerable. For example children who:

- have a disability and/or specific additional needs
- have special educational needs
- are acting as a young carer
- are showing signs of engaging in anti-social or criminal behaviour
- have family circumstances which present challenges, such as substance abuse, adult mental health or learning disability, domestic violence
- are showing early signs of abuse and/or neglect

Trust staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They should also be aware of the indicators of

maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.

7. Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs
- communication barriers and difficulties
- reluctance to challenge carers , (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased
- a disabled child's understanding of abuse
- lack of choice/participation
- isolation

8. Peer on peer abuse

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- whether the perpetrator has repeatedly tried to harm one or more other children; or
- whether there are concerns about the intention of the alleged perpetrator

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Hertfordshire County Council recommends that education settings use The Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to help professionals; assess and respond appropriately to sexualised behaviour. The traffic light tool can be found at www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.

Guidance on responding to and managing sexting incidents can be found at:

http://www.thegrid.org.uk/info/welfare/child_protection/reference/index.shtml#sex

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as “banter” or “part of growing up”.

In order to minimise the risk of peer on peer abuse the schools in the Trust:

- provides a developmentally appropriate PSHE curriculum through assemblies and Tutor time which develops students understanding of acceptable behaviour and keeping themselves safe
- have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued
- develop robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- have relevant policies in place (e.g. behaviour policy)

9. Dealing with a disclosure

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- listen to what is being said without displaying shock or disbelief
- accept what is being said
- allow the child to talk freely
- reassure the child, but not make promises which it might not be possible to keep
- never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child
- reassure him or her that what has happened is not his or her fault
- stress that it was the right thing to tell
- listen, only asking questions when necessary to clarify
- not criticise the alleged perpetrator
- explain what has to be done next and who has to be told
- make a written record (see Record Keeping)
- pass the information to the Designated Senior Person without delay

10. Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

11. Record keeping

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- record the information as soon as possible after the conversation using CPOMS
- ensure they do not destroy the original notes in case they are needed by a court

- record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- draw a diagram to indicate the position of any injuries
- record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

The Designated Senior Person will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

12. Confidentiality

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in the Trust.

- all staff in schools, both teaching and associate staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police)
- if a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This may ultimately not be in the best interests of the child
- staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts

13. School procedures

Please see Appendix 3: What to do if you are worried a child is being abused: flowchart.

If any member of staff is concerned about a child he or she must inform the Designated Senior Person. The Designated Senior Person will decide whether the concerns should be referred to Children's Services: Safeguarding and Specialist Services. If it is decided to make a referral to Children's Services: Safeguarding and Specialist Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSPs role to make referrals, any staff member can make a referral to Children's Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSP, the DSP should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18

the **teacher** must report this to the police. **This is a mandatory reporting duty.** See *Appendix 1- Keeping Children Safe in Education (DfE 2016): Annex A for further details.*

Hertfordshire Children's Services (including out of hours) 0300 123 4043.

If the allegations raised are against other children, the school should follow section 4.4 of the Hertfordshire Safeguarding Children Board Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations.

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Senior Person is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

14. Communication with parents

All schools within the Trust will ensure the child protection policy is available publicly either via the school website or by other means.

Parents should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- the behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed
- leading to an unreasonable delay
- leading to the risk of loss of evidential material

(The school may also consider not informing parent(s) where it would place a member of staff at risk).

Ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

15. Allegations involving school staff/volunteers

An allegation is any information which indicates that a member of staff/volunteer may have:

- behaved in a way that has, or may have harmed a child
- possibly committed a criminal offence against/related to a child
- behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school staff should do if they have concerns about safeguarding practices within the school

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the each schools senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Headteacher or Executive Principal. Where there are concerns about the Headteacher or Executive Principal, this should be referred to the Chair of Governors/Chair of the Trust as appropriate.

The Chair of Governors in Bushey Meads School is:

NAME: DI HOEKSMAN
Governors

CONTACT NUMBER: c/o Clerk to

The Chair of Governors in Little Reddings School is:

NAME: SAM RUSSELL
Governors

CONTACT NUMBER: c/o Clerk to

In the absence of the Chair of Governors, the Vice Chair should be contacted.

The Vice Chair in Bushey Meads School is:

NAME: RICHARD ABRAHAMSON
Governors

CONTACT NUMBER: c/o Clerk to

The Vice Chair in Little Reddings School is:

NAME: REV DAVID POULTNEY
Governors

CONTACT NUMBER: c/o Clerk to

In the event of allegations of abuse being made against the Headteacher or Executive Principal, where the Headteacher/Executive Principal is also the sole Proprietor of an independent school or where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Person and if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2016, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Headteacher or Executive Principal.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Headteacher, Executive Principal or Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

Children's Services – 03001234043

SOOHS (Out of Hours Service-Children's Services) – 03001234043

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation meets the threshold for safeguarding, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

The Headteacher or Executive Principal should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

For further information see:

HSCB Inter-agency Child Protection and Safeguarding Children Procedures (Electronic)
Section 4.1 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

16. Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school code of conduct and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings (September 2015)*** available at http://www.thegrid.org.uk/info/welfare/child_protection/allegations/safe.shtml

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school's behaviour management policy for more information.

Review

The policy will be reviewed annually by the governing body. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.

Appendix 1 – Keeping Children Safe in Education (DfE 2016)
Part 1 – Information for all school staff

On publication of this Child Protection Policy (July 2016), the May 2016 version of the statutory guidance '**Keeping Children Safe In Education**' available online, has been denoted by DfE as 'for information only'. The guidance commences on 5th September 2016. The DfE have confirmed that this guidance will be updated annually thereafter.

The existing version of the statutory guidance mentions that there will be also be updates likely before September 2016 in respect to the definition of Child Sexual Exploitation and also regulations relating to Children Missing from Education.

The CPSLO Service have therefore decided to provide the hyperlink only to Keeping Children Safe in Education in this policy rather than the document in its entirety, due to likely frequent change in content.

It is **essential** that **all** staff have access to this online document and read Part 1 and Annex , which provides further information on:

- children missing from education
- child sexual exploitation
- 'honour based' violence
- FGM mandatory reporting duty
- forced marriage
- preventing radicalisation

This is to assist staff to understand and discharge their role and responsibilities as set out in this guidance.

We highly recommend that staff are asked to sign to say they have read these sections (please see Appendix 2) and should subsequently be re-directed to these online documents again should any changes occur.

Child Protection Declaration

I have read and am familiar with the contents of the following documents and understand my role and responsibilities as set out in these documents:

- (1) Child Protection Policy
- (2) Part 1 and Annex A of 'Keeping Children Safe in Education' DfE Guidance, 2016

I am aware that the DSPs are ***Carly Simmonds*** and ***Dave Presky***

I know that further guidance, together with copies of the policies mentioned above, are available on the T Drive.

I know how to access CPOMs and will seek support from Dave Presky with any CPOMs issues.

Appendix 4 – Indicators of Abuse and neglect

The framework for understanding childrens' needs

Working Together to Safeguard Children (DFE, 2015)

Physical abuse	
<i>Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.</i>	
Child	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars	Aggression towards others, emotional and behaviour problems
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injurie	Fabricated or induced illness -
Parent	Family/environment
Parent with injuries	History of mental health, alcohol or drug misuse or domestic violence.
Evasive or aggressive towards child or others	Past history in the family of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
Explanation inconsistent with injury	Marginalised or isolated by the community.
Fear of medical help / parents not seeking medical help	Physical or sexual assault or a culture of physical chastisement.
Over chastisement of child	

Emotional abuse	
<i>Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, not giving the child opportunities to express their views, 'making fun' of what they say or how they communicate - hearing the ill-treatment of another and serious bullying (including cyber bullying).</i>
