

Year 2 Newsletter  
23.3.18

Dear Parents/Carers,

**This Week:**

**English...** We have been assessing their progress using SATs practice tests. The children have completed practice comprehension tests.

**Maths...** We have been assessing their progress using SATs practice tests. The children have completed both arithmetic and reasoning practice. The reasoning tests include problem solving and provide an opportunity for the children to explain how they have reached their answers.

**Topic:** This week the children have finished researching and written up their notes on their Jamaica topic. They have been learning about their culture and famous people who come from there. This will continue until we can make a booklet of information.

The children have worked very hard this week when practicing their SATs tests. Please can you make sure that all homework is completed as there are many children who are handing in their books with incomplete homework. All reading, writing and Maths homework is to help them achieve their full potential by the end of Year 2.

**Next Week:**

**English...** We will be finishing off the Magic Paintbrush story, where the children will be encouraged to write their own story describing an exciting setting using adjectives.

**Maths...** We will be recapping adding on a numberline and calculating answers to one and two step addition word problems.

**Homework**

The children are to design and create an Easter Bonnet hat. The most creative hat will win a prize! The children have also been given a greater than and less than task. The children are required to use the < and > sign. **Remember the crocodile eats the larger number!**

**Other Notices:** Please make sure that reading records are signed everytime you read with your child and these are then placed in the reading book box to be checked.

Have a great weekend everybody,

Mrs Giannone, Miss Morton, Miss Guthrie, Miss Lewis and Mrs Noel.
