

SATS 2018

From Monday 14th May to Thursday 17th May Year 6 will sit tests in:

- Reading
- Maths
Spelling, punctuation and grammar

These tests will be both set and marked externally, and the results will be used to measure your child's progress and the school's performance. Your child's marks will be used in conjunction with teacher assessment to give a broader picture of their attainment.

Children will be sitting weekly SATs tests to develop their confidence when answering questions. Please ensure you spend time discussing the

A few reminders...

Reading books

Children are provided with a reading book from our school library which they should be reading every day. Please ensure that these are being returned to school as many books are being lost or not returned. If children would prefer to read a book that they have started to read at home, they are welcome to bring this to read during school time.

PE kits

PE will place once a week on a Friday afternoon. It is an expectation that all children are appropriately dressed for both of these lessons. Flat shoes/plimsolls are essential for these lessons.

Coming prepared for learning

It is a requirement that all children come to school prepared and ready for their learning. This means that all children need to have their own pencil case with all the equipment they need for the day. This includes: a ruler, pencil, sharpener and their writing pen which school will provide.

Absence and punctuality

Please ensure that your child is on time to school each day. If your child is absent from

Year 6 curriculum

Spring Term 2018

Following the brilliant start to the academic year, we are excited to inform you of our plans for the new term.

For our spring topic, we will be researching various scientific discoveries and inventions that have shaped the way we live our lives.

Home Learning

We would like to take this opportunity to thank you for supporting your children in producing a fantastic standard of home learning each week—please continue to do this. This will aim to develop and challenge pupils existing understanding. Home learning will continue to be set weekly on a Thursday and to be returned on a Tuesday. In order to prepare children for secondary

English

- Narrative - creating a tool kit for developing action/building suspense and embedding this within our story writing
- Formal/informal letter - developing the awareness of our audience to select appropriate vocabulary choices
- Discussion - to use persuasive techniques to persuade the reader
- Non-chronological report - using a range of devices to build cohesion within and across paragraphs
- Newspaper - Using simple organisational devices e.g. headlines.

Maths

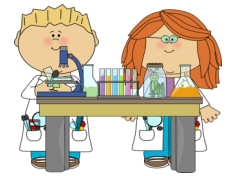

- **Fractions**
- Add and subtract fractions with different denominators and mixed numbers, using the concept of equivalent fractions.
- Multiply simple pairs of proper fractions, writing the answer in its simplest form.
- Divide proper fractions by whole numbers.

$$\frac{1}{2} \quad \frac{1}{3} \quad \frac{1}{4}$$

Humanities

Science

- Researching and

investigating famous scientists and inventors linked to the Upper Key Stage 2 science curriculum.

DT

- Using researching to develop a design criteria to inform the design of a new invention

- Communicate their new invention through discussion, annotated sketches, diagrams, prototypes and computer-
